

Dear Friend/Colleague:

As we continue to follow the unfolding Coronavirus pandemic, we have made the difficult decision to postpone the upcoming **National Foster Care Conference** scheduled for May 6th-8th, 2020. We are exercising an abundance of caution to ensure the health and safety of all conference attendees. This decision was not an easy one to make and we are grateful for your continued support.

We are currently working with the hotel to determine new dates for the conference and we anticipate possibly rescheduling for the summer. As soon as we have the new dates, which we hope to finalize in the next few weeks, we will update you. Additionally, once we've announced the new dates, we will reach out to our sponsors and registrants to discuss options for refunds or transfers to the new dates.

As of today, the Embassy Suites will be processing cancellations of **all** the sleeping room reservations under our conference group room block. No penalties will apply. Once the cancellation has been processed, you will receive an email regarding the cancellation. The phone number for the Embassy Suites is (407) 597-4100.

With gratitude for your understanding and continued partnership,

Lesley A. Wells
President/CEO
